

The Intra Group acquires Elcee Sanitary Business Unit

Intra, October 2016

We are proud to announce that the Intra Group has acquired the Elcee Sanitary Business Unit as of mid-October 2016.

During the last couple of years both companies have had an international strategic partnership which now has materialized in the acquisition. This acquisition is done to support the export strategy of the Intra Group.

Elcee is a supplier of stainless steel sanitary and affiliated products for both the national market in Holland and export markets. Know-how, professionalism and a large range of products from world leading producers is key for the success of the company which was founded in Rotterdam, Holland in 1923. Functionality and durability are two concepts that are highly valued in practice. This way it shall always be assured that the products meet the highest quality requirements.

The Intra Group is Scandinavia's leading supplier of kitchen sinks, mini-kitchens and sanitary products in stainless steel. The Intra Group is a part of Teka Industrial S.A., one of the world-leading producers of kitchen sinks and household appliances with sales offices and production facilities all over the world. The vision of the Intra Group is to be the most innovative supplier of quality products in stainless steel for the Scandinavian kitchen and public sanitary room.
